• spiky shield • hex • hone claws • quiver dance • coil • cotton guard • tail glow • shell smash • flame charge • hammer arm • close combat • wide guard • dragon tail • volt switch • u-turn • charge beam • liquidation • v-create • shift gear • lunge • power gem • dragon ascent • fiery dance v1.. In XD, your previous save files are kept and referred to when you save. If, for example, you have a new save file with less play time than the previous save file then it is considered corrupted.. This happens if you load a state save from before your most recent manual save.

V1.1.5 • Fixed a bug with some moves crashing the game • Fixed some text with the Mt.. Use your save states wisely! Basically, if you do an in-game save, don't load any saved states from before the manual save.. 0.4 • fixed bug where the game crashed in the rest stop after Mt
